

Leading Independent Proxy Advisory Firm ISS Recommends Advaxis Stockholders Vote “FOR” the Merger with Biosight

November 3, 2021

MONMOUTH JUNCTION, N.J., Nov. 03, 2021 (GLOBE NEWSWIRE) -- Advaxis, Inc. (Nasdaq: ADXS), a clinical-stage biotechnology company focused on the development and commercialization of immunotherapy products today announced that leading proxy advisory firm Institutional Shareholder Services Inc. (“ISS”) issued a report on November 1, 2021, recommending that Advaxis stockholders vote “FOR” the merger of the Company with Biosight and recommends voting “FOR” all proposals, at the Company’s Special Meeting scheduled for November 16, 2021.

The ISS recommendation stated, “The board ran what appears to have been a thorough strategic review process, corresponding with over 200 potential counterparties on a broad variety of transaction types, and no competing offers have been publicly disclosed since announcement. The strategic rationale also appears logical, as it will diversify the pipeline of product candidates, and is expected to result in a combined company with a more stable financial position. In light of these factors, support for the proposal is warranted.”

In addition, in recommending stockholders vote “FOR” the reverse stock split proposal, ISS highlighted “the reverse split may enable the company to maintain listing of its common stock on the Nasdaq Capital Market.”

The Special Meeting is scheduled to take place on November 16, 2021 at 10:00 AM Eastern Time unless postponed or adjourned to a later date, in order to obtain the stockholder approvals necessary to complete the merger and related matters. Advaxis stockholders will be able to attend and participate in the Advaxis special meeting online by visiting www.virtualshareholdermeeting.com/ADXS2021SM where they will be able to listen to the meeting live, submit questions and vote.

To vote, or if you have already voted and would like to change your vote, or if you have any questions or need assistance voting your shares, please call the firm assisting us with the solicitation of proxies:

About Advaxis, Inc.

Advaxis, Inc. is a clinical-stage biotechnology company focused on the development and commercialization of proprietary *Lm*-based antigen delivery products. These immunotherapies are based on a platform technology that utilizes live attenuated *Listeria monocytogenes (Lm)* bioengineered to secrete antigen/adjuvant fusion proteins. These *Lm*-based strains are believed to be a significant advancement in immunotherapy as they integrate multiple functions into a single immunotherapy and are designed to access and direct antigen presenting cells to stimulate anti-tumor T cell immunity, activate the immune system with the equivalent of multiple adjuvants, and simultaneously reduce tumor protection in the tumor microenvironment to enable T cells to eliminate tumors.
